FHL: Football Hockey Link

Linking culturally diverse children to sports associations

Vision

Culturally diverse children and youth experience belonging through their full participation in football and hockey associations.

Mission

FHL: Football Hockey Link Society is a not-for-profit organization who provides free foundational training in Canadian football and ice hockey. The FHL's mission is to work with culturally diverse youth to build confidence, leadership, and a sense of belonging by providing opportunities to participate in ice hockey and Canadian football, while addressing institutional barriers.

Values

- **Inclusion:** Everyone should feel valued and part of their community and schools.
- **Teamwork:** We believe the best way model and serve our children is through effective collaboration between family, community partners and our organization.
- **Respect:** We believe that all children should be treated with consideration and be given the opportunity to reach their full potential.
- **Integrity:** Our actions back our words.

Objectives

- Building relationships with culturally diverse communities and families.
- Building and strengthening relationships with community partners and sponsors.
- Building and strengthening relationships with local football and hockey associations.
- Facilitate the linkage between culturally diverse children and the association to eliminate obstacles to participation.
- Expose culturally diverse children to the Canadian sports of football and hockey.
